Mr. Rick Spinelli

Dear Rick,

Enclosed is the check for the final payment for the heat installation. Yesterday they revised the placement of the dining room unit - quickly and efficiently. We hooked up the electrical and the piping right away and had both units operating by 5:00 PM.

As the check indicates, I have been involved with construction for twenty-five years. I rarely deal with a sub-contractor as competent and consistent as your firm, especially when it comes to complicated installations!

My best wishes,
Fr. Philip K. Eckman
